

# RAILS

## OKC Workshop

A Free Programming Event for Women

## Learn how to build a website using Ruby on Rails

Women are underrepresented in the tech market. We want to change that. The **Rails OKC Workshop** is an event for women attendees only that serves as an introduction to web development. Our goal is to provide a supportive, welcoming environment that empowers women to become developers, designers, engineers, or simply spark a new hobby. Using the powerful Ruby on Rails framework, attendees will learn how to build their very own websites. We hope that you will join us.

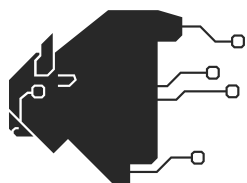

## Sign Up

5:30 pm - 7:30 pm on Friday, March 29, 2019  
9:30 am - 5:30 pm on Saturday, March 30, 2019

### Project 3810

3810 N Tulsa Ave  
Oklahoma City, OK
